# ***OUR PARTNERSHIP HAS NO DOWNTIME***

Whether you are trying to stay ahead of the competition or meet legislation like Stage V, change is inevitable. Our partnership is about helping our customers through this process, not only by providing high quality engines but more importantly a strong partnership that reaches far beyond the life cycle of the engine.

***I need to change my engine to be Stage V compliant.***

***How easy is it with Yanmar?***

***Our partnership has no downtime***

## ***Where do Yanmar engines come from?***

**As a worldwide organisation, Yanmar has multiple operations with an extensive distributor network worldwide and various routes to market options.**

**Be it fan to flywheel, a power pack, a single engine or thousands we have the logistics solution to suit your needs.**

## ***What about timescales?***

**With our worldwide distribution network and operations, we will have a logistical solution for you whether your delivery needs are scheduled, just-in-time or individual engines with a quick response.**

## ***What if I need a power pack or customisation?***

**We can supply power packs now from our distributor network.**

**We can even customise your engine if necessary – how many big engine manufacturers can say that?**

**Whether you need a power pack, a one off customised engine from a distributor or volume production from our fully automated plant at Biwa, Yanmar is your one-stop shop.**

# ***With Yanmar you make the safe choice.***
